Towards a behavioural toolkit: Assessment and disaster risk reduction through strategic partnerships in the South Pacific
To cut a short story long...

The comms toolkit
You have to get the levels right and focus on the priorities…

• **UN Habitat Planning Structure:**
  - Module A completed in 2014
  - Module B currently underway
  - Modules C, D ultimately need ownership/buy-in
  - Focus on ‘bottom-up’ integration

**Our Role:**
- Facilitating the process
- Providing technical expertise, input & communication skills
- Training for local independent ownership of Module D
“Vulnerability is a function of the character, magnitude, and rate of climate variation to which a system is exposed, its sensitivity, and its adaptive capacity” – IPCC 2001

Assessing Climate Vulnerability

- Area impacted by climate hazard(s)
- Severity of climate hazard
- Frequency of climate hazard(s)
- Quality of Housing, Physical Systems
- % and distribution of elderly, young
- Function & Access to Services, Utilities
- Mobilizable Resources
- Information & Skills
- Institutional/Social Capital
Adaptive Capacity

Honiara Adaptive Capacity - Rapid Assessment

- Existing Plans
- Finance Access
- Community Resourcing
- Staffing for Adaptation
- Ability to Communicate
- Adequate Critical Infrastructure & Mgmt.
- Hazard Exposure of Critical Infrastructure
- Access to Safe Drinking Water

- Economic Wealth
- Technology
- Infrastructure
- Information & Skills
- Institutions & Social Capital
